Monthly Missionary Prayer Requests- November

Colleen Hale (BSM U of H Clear Lake) Submission date: 10/19/2026

Please list TWO specific ways we can pray for you and/or your ministry:

- Please pray for our weekly rhythms, that we will have clear opportunities for intentional, gospel oriented conversations.
- Pray for wisdom for me as I begin searching for candidates to hire to grow my team. (We lost our other two full time staff members so I am solo staffing this year.)
- Pray for me as I balance working full time as a solo staffer and full time seminary.

Our free lunch at University of Texas Medical Branch Bsm has grown to about 90 people a week and we are directly sharing the gospel each week. There is a large group of international medical students that have begun coming and we are super excited to see what God does with this, this year. At Galveston college we have begun to see more response from the softball girls we are engaging. Please be praying for the girls that come to our bible study that are not believers, they are asking really incredible questions about the reality of sin and God's plan for the world. At College of the mainland we have reestablished a new leadership team for this year and are excited to begin engage a broader group of students.

Do we have your permission to communicate your prayer requests electronically?

Yes

Hannah Jones (BSM University of Houston) Submission date: 10/1/2026

Please list TWO specific ways we can pray for you and/or your ministry:

1. For UHD that we continue to meet more and more students. We have students who are excited to do more ministry on campus- that is a big praise!
2. October can be a busy and tiring month for students and staff- please be praying for energy and endurance for this month.

Do we have your permission to communicate your prayer requests electronically?

Yes

Jason & Kerri Gupta (EFCA/ReachGlobal) Submission date: 10/27/2026

Please list TWO specific ways we can pray for you and/or your ministry:

1. Pray for Jason as he manages the ministry of ReachGlobal around the world. It's a huge job, and although he's well-suited and prepared for it, his current pace is not sustainable. He has been given permission to hire a "second" in command under him, but deciding who that will be and what they will take responsibility for is a challenge.

2. Please pray for us as we make decisions about travel for Jason and for me in the coming year. We need to decide soon so we can book tickets! There are more conferences and events that Jason has been invited to be a part of than he can possibly attend…so he needs wisdom about which ones are the most important ones for now. And I need the same wisdom! I would prefer not to be on the road all of the time, but so far it looks like Jason might be.

Pray for us as we're apart—the 2 months in Minneapolis was more like a "normal" job, with him gone mostly during the days. But it was still hard for me to adjust to no longer having a work schedule or any friends around to plan things with. When I'm back in CO, that will change, but it then he'll be doing a lot of travel without me. For the next week 9 days, I'm in Texas with my parents and Jason is in Minneapolis. This will become part of our normal routine, but again, we need wisdom about how to do this well.

Other ministry needs:

Pray for the missionaries we know and support. The attitudes of much of the world towards Americans has changed recently, so they also need wisdom about how to do their ministries well, and possibly change their methods. It is also increasingly difficult and expensive to get visas for many countries. So, these are the kinds of issues that mission organizations are grappling with, along with decreased interest in missions among many American churches.

Yes

Matt & Liz Gentry (Wycliffe Bible Translators) Submission date: 10/28/2026

Please list TWO specific ways we can pray for you and/or your ministry:

Please pray for our PNG friends that are experiencing severe drought right now due to El Niño. It's harder to find water and food, and wildfires are happening.
Please pray for Matt as he will be taking a captains course in Houston in November. Pray for him to be able to learn well and pass the captains test.

Do we have your permission to communicate your prayer requests electronically?

Yes

Rachel Schneeflock (NW Collegiate Ministries) Submission date: 10/5/2026

Please list TWO specific ways we can pray for you and/or your ministry:

1. Please pray for our big Puget Sound NCM Worship Night on Friday October 16th. Pray for many students to come and encounter Jesus and enjoy spending time together worshipping God and fellowshipping together!

2. Please pray for me to find a healthy balance between work and rest as this is my first year in full-time college ministry. Pray for me to prioritize my relationship with the Lord, be diligent in reaching out to others, and enjoy resting in the Lord each week.

College ministry this fall quarter is going well, praise God! Our first Bible studies at Pierce College (Puyallup and Fort Steilacoom campuses) last week were very successful! We met new students through club fair, I'm continuing to meet with girls weekly for discipleship, and seeking to encourage and equip students to grow in Christ and become servant leaders. God is doing incredible things here in the Seattle area, and I'm so excited to see what the Lord has in store for this next year!

Other ministry needs:

Thank you so much for your support and prayers, I'm so grateful for you!

Do we have your permission to communicate your prayer requests electronically?

Yes

Robert Armendariz (Urban Outreach) Submission date: 10/8/2026

Please list TWO specific ways we can pray for you and/or your ministry:

>Pray for the UOI leadership team to have divine wisdom and spiritual endurance ministering to the families (kids that attend the after-school program and their parents) to bring comfort and have hope in the face of survival mode fear when many are personally affected by the current immigration situation.

>We also need wisdom to continue developing a promotional plan to help parents allow their children to attend Kids Club despite their current fearful situation which not only deprives their children of daily activity and socialization after school, but also missing the opportunity to have the benefits of what UOI offers with homework help, reading enrichment, character building, STEM activities, Bible lessons, and more in a loving and supportive environment.

We praise the Lord that as a result of the UOI daily after-school apartment program and the ministry of our partner church, Berean Baptist, 5 families from one apartment community visited Berean this past Sunday, 10/4! (Berean Baptist is a bilingual church and longtime UOI church partner ministering in the I45 North & West Rd area.) Pray for Berean Church members to be able to effectively minister to these families.

Do we have your permission to communicate your prayer requests electronically?

Yes

Tim Roberts (East West Ministries) Submission date: 10/13/2026

Please list TWO specific ways we can pray for you and/or your ministry:

My wife has a basal cell carcinoma on her nose, by her eye, that needs surgery in November.
Wisdom in my interactions with key leaders.

I traveled to North Africa last week for a vision trip to help workers develop a strategy to reach a UUPG. Thank you for supporting my ministry as I work to see the gospel spread among those who do not know Jesus as Savior.
